REASONS FOR ALLOWANCE

1. Claims 1-12 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In response to applicant's response filed on 11/24/2003, it was found persuasive that "there is no suggestion [in Berger et al] that individual pulses have the waveform characteristic described in claims 1-12... the invention, as described in the claims, provides that during a pulse, i.e., during an on-time of the current flow, the magnitude of the current changes *during the pulse*, i.e., during the time the current is 'on', i.e. flowing".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
